# SPECIAL MARIO CONTROLS

## Increasing Mario's Power

This differs from previous Super Mario Brothers Game Paks. Mario can suddenly change into Fire Mario or Caped Mario. (If you're Super Mario, you won't lose a life if you're touched by an enemy, you'll just become Small Mario.)

## Mario's Basic Operations

### Running (Acceleration)

+ You can steer Mario over a one-block gap.

### Jump

Mario will jump high if you hold the B Button down. Mario will also jump a long way if you hold the B Button down as he stomps on an enemy.

### Crouching

### Spin Jump

You can't jump as high as a normal jump, however, you can defeat most enemies with one blow and also defeat some of the really TOUGH enemies that can't be beaten any other way. And when Mario is Super Mario, you can also destroy blocks.

### Throwing An Item

When you are holding an item, press the Control Pad in the direction you want to throw and then release the Y Button.

### Holding An Item

To hold onto an item, touch it while pressing the Y Button.

### Jumping Out Of The Water

+ or

Press Up on the Control Pad and B or A.

### Swimming

### Holding An Item And Swimming

# HI'S ISLAND

osaurs called Reznor waiting resses. No doubt they've er a terrible spell by Koopa. thing for him, so watch out!

## House

this old wooden house is dark, arming with ghosts and spirits. the door is nearly impossible u're going to need to put on caps to escape from here.

## House

starting point for the game but empty. It looks like the elusive e out. You better look for him ty! By the way, Yoshi was first Yoshi's Island, that's how me.

## es

castles, the koopa Kids each oshi's friends captive inside e are lots of traps waiting for try to get through the kids' s more, the kids will come at ety of attacks. Exploring these ough to drive you crazy!

## Mysterious Sunken Ship

This is a strange looking sunken ship. Haven't you seen it somewhere before? That's right, in Super Mario Bros. 3, Koopa and his kids used a flying ship to make life tough for Mario. I wouldn't be surprised if Bowser is lurking somewhere nearby.

# CHARACTERS IN DINOSAUR LAND

## Koopa

The same old Koopas are back again. Everything seems bleak when these characters appear! If you jump on a Koopa in this game, it pops out of its shell. And what's worse is that an unshelled Koopa will eventually find its empty shell and climb back in to start all over again. BEWARE! If a Koopa climbs into a yellow shell, he'll become invincible!

## Super Koopa

A Koopa that can fly once it has put on the magic cape. It looks like this guy might give Caped Mario some tough aerial combat. But look at the bright side ... if you jump on one that's wearing a flashing cape, you'll get a Cape Feather.

## Jumpin' Piranha Plant

These are a tropical plant version of the Volcano Plant! Be careful; they come madly whirling out of the pipes and can be very tough.

## Goomba

Jump on it to make it roll. You can also hold it or throw it.

## Monty Mole

This is a mole that bursts out of the ground. There's even bigger ones underground.

## Boo Buddies

## The Big Boo

## Eeries

You may remember the Boo Buddies from Super Mario Bros. 3. This time there's a whole horde of them! And amongst them there's a huge spook called The Big Boo. But don't worry, if you look at them, they act shy and turn away. Cute, aren't they? But watch it ... they're dangerous!

This is a dinosaur spook that roams the haunted house. It comes after you with its pale face and ohhhh, what a ghastly spook it is!

## Rip Van Fish

This little fellow is always taking a nap, but when Mario comes along, he wakes up, and sets off in hot pursuit. Whatever you do, don't let Rip touch Mario.

## Urchin

This is a giant urchin drifting in the sea. It doesn't move very fast, so if you swim by carefully, there should be no problem. However, it's probably really painful if you get stung.

## Dolphin

Don't worry, these guys aren't enemies; they help Mario cross water. A useful shoal of dolphin look alikes!

## SPECIAL ITEMS AND BLOCKS

(Warning: There are many more surprises that aren't listed here!)

## Super Star

They make Mario invincible.

## Egg

There's always something fun inside one of these!

## 3-Up Moon

This will give Mario three extra lives.

## Berry

You will gain an extra Mario if you feed Yoshi enough berries.

## Jumping Board

Time it right and you can do a super high jump.

## Power Balloon

Mario's body will swell up when he has these, which will allow him to drift through the sky for a fixed amount of time.

## Yoshi's Wings

Yoshi can fly if you take these when Mario's riding Yoshi.

## Prize Block

Hit this from beneath to get a coin or item.

## Jump Block

This block bounces along and sometimes throws out items.

## Rotating block

Hit this block and it will rotate for a fixed amount of time.

## Switch Block

This block turns certain objects into coins and vice-versa.

## Grab Block

You can hold or throw this block.

## Message Block

This gives you hints and advice during the game.

## Bonus Block

If you get 30 coins in one course, punch it to get an extra Mario mushroom.
